Life Skills And Student Support

Ms Maharaj provides a Guidance service for the school. This is particularly relevant and necessary at significant stages in student life - subject choice, interview training, aptitude tests, study skills and career counselling/exhibitions, C.A.O./C.A.S., and other College applications. In addition, there is an on-going work experience schedule involving the work placement of Transition Year students on work experience and preparation for the world of work. In addition to Career Guidance Counselling we have Fr. Des Hillary and Rev. Marie Rowley -Brooke as school chaplains and Ms. Clarke is the Resource and Learning Support Co-ordinator.

Student Council

The Student Council has a long tradition in our school and makes a significant contribution to school life. It represents the student body and assists management in the day-to-day running of the school. Having a working student council encourages responsibility among the students and helps them develop their leadership skills. Their main function is to foster good relationships between classes, between students and teachers and with the Principal.
