A black and white portrait of Albert Einstein, showing his characteristic wild hair and mustache. He is looking slightly to the right with a thoughtful expression. His hands are clasped together in front of him. A semi-transparent dark box is overlaid on the lower part of the image, containing a quote in white text.

**“Everybody is a genius. But if you judge a fish by its ability to climb a tree it will live its whole life believing that it is stupid”**

*Albert Einstein*
